

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-24946

Stream : Mud Creek

Applicant : Memory Lane Development
Jeff Roland
6038 West 25th Street
Speedway, IN 46224-3624

Description : An entrance drive will be constructed on compacted fill for a proposed 32,950 square foot retirement living facility located outside of the floodway. A 15" culvert under the proposed drive is also proposed as part of a drainage system for the property. A total of approximately 605 cubic yards of fill will be required. Modifications to curbs and gutters along Brooks School Road will be made as well. Details of the project are contained in information and plans received at the Division of Water on August 7, 2008 and September 4, 2008.

Location : Beginning approximately 550' north of the Brooks School Avenue and East 116th Street intersection, extending 600' north and 800' east
near Fishers, Fall Creek Township, Hamilton County
SE¼, SE¼, Section 34, T 18N, R 5E, McCordsville Quadrangle
Quad Code: 3908588
UTM Coordinates: Downstream 4423912 North, 590448 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-24949

Stream : Jacks Defeat Creek

Applicant : Freeda B Stewart
Wallace E Stewart , POA
2750 Crabapple Circle
Bloomington, IN 47401-9305

Description : A portion of Jacks Defeat Creek will be returned to its original channel. The earth buildup across from the eroded streambank will be moved to fill the eroded area. The bank will then be covered with approximate 6" by 12" slabs of limestone. Specific project information will be added to the description as the application is further reviewed. Details of the project are contained in information and plans received at the Division of Water on August 12, 2008.

Location : Approximately 1700' upstream of the State Road 46 crossing over Jacks Defeat Creek
near Ellettsville, Richland Township, Monroe County
SE¼, SE¼, Section 10, T 9N, R 2W, Bloomington Quadrangle
Quad Code: 3908625
UTM Coordinates: Downstream 4341878 North, 533181 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-24966

Stream : South Fork Blue River

Applicant : Clair Sullivan Jr
PO Box 247
Pekin, IN 47165-0247

Description : Approximately 600' of a sand and gravel bar will be removed from the channel to restore normal flow patterns and deter further erosion. The excavated material will be placed on the property landward of the floodway. Details of the project are contained in information and plans received at the Division of Water on August 25, 2008 and September 15, 2008.

Location : Along the north (right) stream bank, beginning approximately 1,900' upstream from the confluence of an unnamed tributary and continuing upstream approximately 600'
DOWNSTREAM: near Pekin, Polk Township, Washington County
NE¼, NE¼, SE¼, Section 19, T 1N, R 5E, South Boston Quadrangle

30 Day Public Notice Report

Application # : FW-24973

Stream : Cady Marsh Ditch

Applicant : Town of Griffith
Rick Konopasek
Town Hall
111 North Broad Street
Griffith, IN 46319-2218

Description : Approximately 1300' of Cady Marsh Ditch will be altered for the Cady Marsh Ditch Local Flood Protection Project. The channel alignment will be modified slightly due to installing new steel sheet piling along the north and south sides of the ditch. New drain outlets into the ditch will be constructed at several locations. Riprap and bedding material will be placed at the new drain outlets and at specific locations in the channel bottom to prevent erosion. A new steel sheet pile cutoff wall will be placed across the channel bottom and up to the north and south side slopes of the channel where the new channel bottom meets up with the existing channel bottom. Details of the project are contained in information and plans received at the Division of Water on September 2, 2008.

Location : At the Colfax Avenue stream crossing and continuing 5,200' downstream
DOWNSTREAM: at Griffith, St. John Township, Lake County

30 Day Public Notice Report

Application # : FW-24977

Stream : East Fork White River

Applicant : Wayne County Board of Commissioners
Mary C Heyob, President
401 East Main Street
Richmond, IN 47374-4211

Description : A large logjam created by the June 2008 storm event will be removed and approximately 250 cubic yards of sand and gravel will be removed from a 180' long reach of the stream. The excavated material from the gravel bar will be placed along the eroded south bank and protected with 480 tons of riprap. Details of the project are contained in information and plans received at the Division of Water on September 4, 2008.

Location : Upstream of Bridge #266, located on North 24th Street, 300 feet south of the North 24th Street and State Road 121 intersection
near Richmond, Wayne Township, Wayne County

Application # : FW-24989

Stream : Juday Ditch

Applicant : St. Joseph County
Jessica Clark, PE
227 West Jefferson Boulevard, Room 732
South Bend, IN 46601-1380

Description : A new bridge will be constructed over Juday Ditch to carry vehicles across the stream. The new structure will be a single-span reinforced concrete three sided arch top bridge with span length of 20'. The structure will have an out-to-out length of 22' and a clear roadway width of 36'-6". The spill through abutments will have a 3 :1 sideslopes armored with open cell articulated concrete blocks revetment mats on geotextile filter fabric. The abutments and piers will be skewed 10 degrees to align with streamflow. The approach roads will be elevated a maximum of 9" above the existing grade. The existing bridge will be completely removed from the floodway prior to construction of the new crossing. The project is locally funded. Details of the project are contained in information and plans received at the Division of Water on September 11, 2008.

Location : At the Kenilworth Road crossing

Application # : FW-24999

Stream : Patoka River

Applicant : Pioneer Oil Company
Don Jones
Rural Route 4 Box 142B
Lawrenceville, IL 62439-9513

Description : Pioneer Oil intends to install a well, including a 5.5" steel pipe for oil pumping purposes. The installation of the well will include 0.28 acre of temporary impact and 0.08 acre of permanent impact to an emergent wetland area with very young volunteer woody species. Temporary impacts include the placement of casing racks, four tubs for steel pipe storage, a portable trailer, and a mud pump. The placement of these materials will not require any earth moving activities. Four pits will be excavated to a depth of five feet for storage of materials excavated during the installation of the well. All excavated materials will be stored on the 0.32 acre area. Minor earth moving activities will be required to level the area for the rig base. A 15' wide gravel service road will be permanently installed from the existing gravel road to the well (247 linear feet) for maintenance purposes. Of the 0.32 acre site, 0.08 acre (service road and 5.5" steel pipe) will be permanently impacted. The 0.32 acre of temporarily disturbed wetland area will be restored to the original profile and contours and revegetated, in coordination with the Patoka River National Wildlife Refuge and Management Area. Details of the project are contained in information received electronically at the Division of Water on September 17, 2008 and in plans and information received at the Division of Water on
